

Debian 13

context

dit document bevat enkele opmerkingen over Debian 13.

installatie

- disk partitionering: nieuwe opties, precies

```
 (!) Partition disks
Selected for partitioning:
SCSI1 (0,0,0) (sda) - VMware Virtual disk: 42.9 GB

The disk can be partitioned using one of several different schemes. If you are unsure,
choose the first one.

Partitioning scheme:

    All files in one partition (recommended for new users)
    Separate /home partition
    Separate /home, /var, and /tmp partitions
    Separate /var and /srv, swap < 1GB (for servers)
    Small-disk (< 1GB) partitioning scheme

<Go Back>
```
