

installatie

context

dit document beschrijft hoe je NMIS installeert op Debian 12.

download

- download het .run bestand vanaf [download pagina](#)

installatie

1. installeer [Debian12](#)
2. voer het [script](#) uit dat de nodige pre-requisites installeert
3. kopieer de download naar /tmp
4. voer uit

```
su -  
chmod 755 /tmp/nmis9-<versie>.run  
/tmp/nmis9-<versie>.run
```

5. bevestig **installatie**

aanmelden

- ga naar http://<HOSTNAME_OR_IP>/nmis9/
